# Using a Grid

▶ On the grid below, plot the points that are given at the bottom of this page. Label each point with its corresponding letter. Point L, the library, has been plotted for you at (4, 5). Remember, the first number represents the horizontal axis and the second number represents the vertical axis.

Point C (2, 7) coffee shop   Point P (6, 3) park
Point F (5, 6) fire station   Point S (7, 5) school
Point H (4, 2) hospital   Point T (1, 0) train station

▶ Draw vehicles on the graph and list their coordinates:

A. _____

B. _____

I5
