

Lesson 2 Perimeter

The distance around a figure is called its **perimeter**.

$$\begin{array}{r} 2 \\ 3 \\ + 4 \\ \hline 9 \end{array}$$

perimeter: 9 cm

$$\begin{array}{r} 25 \text{ mm} \\ 15 \text{ mm} \\ 25 \text{ mm} \\ 25 \text{ mm} \\ \hline + 15 \\ \hline 80 \end{array}$$

perimeter: 80 mm

Measure each side in centimeters. Then find the perimeter of each figure.

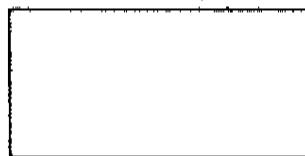

a

1. _____ cm

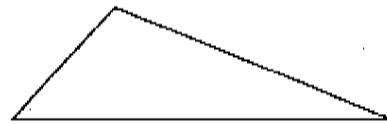

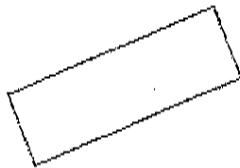

b

_____ cm

2. _____ cm

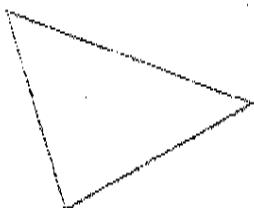

_____ cm

Measure each side in millimeters. Then find the perimeter of each figure.

3. _____ mm

_____ mm
