	$\times 2$
7	
6	
8	
9	

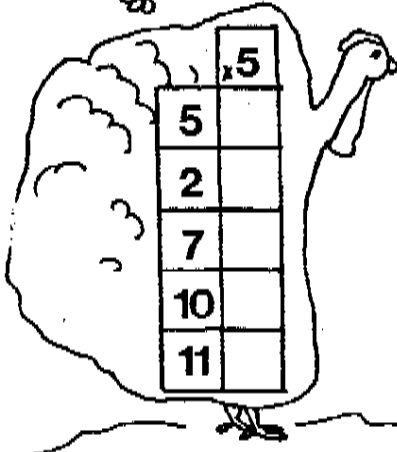

A turkey-shaped grid with a multiplier of $\times 3$ in the top right cell. The grid contains the following numbers in the left column: 4, 7, 8, 9.

	$\times 3$
4	
7	
8	
9	

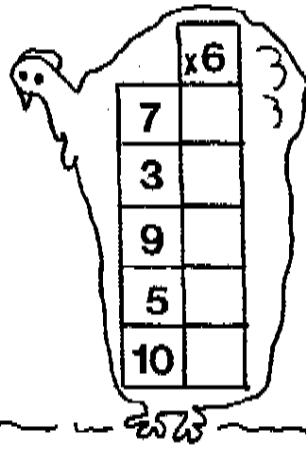

A turkey-shaped grid with a multiplier of $\times 4$ in the top right cell. The grid contains the following numbers in the left column: 8, 7, 5, 3.

	$\times 4$
8	
7	
5	
3	

A turkey-shaped grid with a multiplier of $\times 5$ in the top right cell. The grid contains the following numbers in the left column: 5, 2, 7, 10, 11.

	$\times 5$
5	
2	
7	
10	
11	

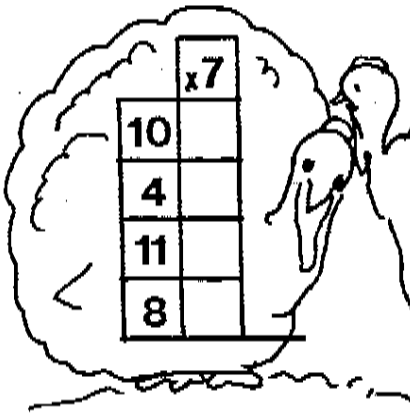

A turkey-shaped grid with a multiplier of $\times 6$ in the top right cell. The grid contains the following numbers in the left column: 7, 3, 9, 5, 10.

	$\times 6$
7	
3	
9	
5	
10	

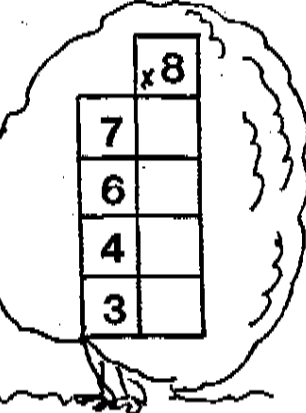

For each wrong answer
place a tally in the
turkey cage.

TURKEYS

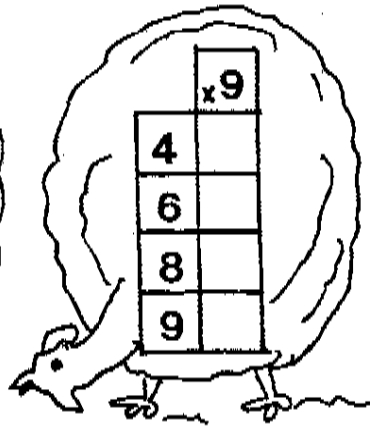

A turkey-shaped grid with a multiplier of $\times 7$ in the top right cell. The grid contains the following numbers in the left column: 10, 4, 11, 8.

	$\times 7$
10	
4	
11	
8	

A turkey-shaped grid with a multiplier of $\times 8$ in the top right cell. The grid contains the following numbers in the left column: 7, 6, 4, 3.

	$\times 8$
7	
6	
4	
3	

A turkey-shaped grid with a multiplier of $\times 9$ in the top right cell. The grid contains the following numbers in the left column: 4, 6, 8, 9.

	$\times 9$
4	
6	
8	
9
